DREAMS BEYOND THE STAGE

Dance

Offering a comprehensive college training program for serious dance students, the dance program emphasizes ballet, modern and jazz. All students take classes in improvisation, composition, dance fitness, technique, partnering and pointe. In addition to the regular faculty, each year the dance department contracts several professional dance artists to work as master teachers and choreographers. Through quality training and exposure to diverse dance experiences, the mission is to prepare students to be successful in college dance programs, conservatories, and professional dance companies.
